Host Proposal

Host an eDub Station Proposal

Help people Find Freedom in an All-Electric Classic Camper Van

eDub Services Ltd. presents a fantastic opportunity to **be part of a growing and exciting business** with great returns on investment and a flexible work structure.

Electric Vehicles are the future,
Classic Campers are cool,
Glamping Staycations are becoming more popular every year.
eDub combines all three!

We are offering the opportunity for you to **Host an eDub Station**, you can operate under the eDub Trips brand and grow with us in this booming new industry.

eDub Services will take care of all the admin;

- Website management
- Hirer's Insurance
- National and International Advertising
- Legality and Servicing
- Technical Support

With fantastic return opportunities

What you will need:

Your eDub will need a classic camper van and an eDub conversion pack. We can help you source both. The VW Classic Camper is available in any variety you choose, give us your ideals and we'll take it from there.

You'll also need a great location. Ideally close to a National Park, AONB and decent transport links.

You will be responsible for hosting so have somewhere to store the eDub, somewhere to charge it (7kW essential) and a warm smile!

Income Example

THESE ARE NOT GUARANTEED AND ARE SUBJECT TO CHANGE.

Based on a VW T2 camper with eDub's e60 Pack

Host period: 6 Months

Occupancy: 61%

Nightly Charge: £170

Income: £18,925.25

eDub Support pack: £2,500
